Phoenix product and release #:	

Customers should use this form to submit their initial configuration registration, subsequent CPU change request, or periodic (e.g. annual) CPU configuration report. Please denote each processor and VM guest/host machine running the Phoenix products. Indicate which processors are **additions** ("A"), **deletions** ("D"), **changes** ("C"), or **no changes** ("N") to our current list.

For each CPU, enter the **CPU Serial Number** (last 6 characters), the **CPU Type** (4-digit), and the **SW Model Number** (3 characters). If applicable, enter LPAR names and sub-capacities, or LPAR Group Name and sub-capacity.

Please follow these instructions to prevent any delays in processing of your request.

CPU	CPU Serial # (last 6 characters)	CPU Type (4 digits)	SW Model # (3 characters)	Capacity (in MSU)	Sub-capacity Licensing if Applicable		As of (insert date)	Add/ Delete/ Change/ No Change
